REMARKS

The figures of births and deaths shown in this statement for week ending the 28th September, 1957 relate to 160 towns with an estimated population of 24,131 thousands. Information about Andhra Pradesh, Assam, Delhi, Kerala, Madhya Pradesh, Orissa, Rajasthan and West Bengal could not be included. The total number of towns is 319 and their population is 42,930 thousands. Thus 50% of the total number of towns representing 56% of the total population.

lation is covered in this statement. The number of births and deaths recorded in these towns were 17,842 and 6,409 representing birth and death rates of 38.4 and 13.8 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States:—

States	Current w/c 28-9-1957	Corresponding w/e last year
	B.R D. R.	B. R. D.R.
Bihar	16.1 7.0	21.5 7.0

REMARKS

The figures of births and deaths shown in this statement for week ending the 5th October, 1957 relate to 162 towns with an estimated population of 24,266 thousands. Information about Andhra Pradesh, Assam, Bihar, Delhi, Kerala, Madhya Pradesh, Orissa and West Bengal could not be included. The total number of towns is 319 and their population is 42,930 thousands. Thus 51% of the total number of towns representing 57% of the total population is covered in this statement. The

number of births and deaths recorded in these towns were 24,266 and 5.667 representing birth and death rates of 31.1 and 12.1 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States:—
